

# SAFETY DATA SHEET

ANGUS CHEMICAL COMPANY

Product name : Sodium Phosphate, Dibasic,  
Heptahydrate, (Disodium Hydrogen Phosphate,  
Heptahydrate) ACS/USP Grade

Issue Date: 11/02/2017  
Print Date: 11/02/2017

ANGUS CHEMICAL COMPANY encourages and expects you to read and understand the entire (M)SDS, as there is important information throughout the document. We expect you to follow the precautions identified in this document unless your use conditions would necessitate other appropriate methods or actions.

## 1. PRODUCT AND COMPANY IDENTIFICATION

Product name Sodium Phosphate, Dibasic, Heptahydrate,  
(Disodium Hydrogen Phosphate, Heptahydrate)  
ACS/USP Grade

### Manufacturer or supplier's details

Company name of supplier ANGUS CHEMICAL COMPANY

Address 1500 E. LAKE COOK ROAD  
Buffalo Grove IL 60089-6553

Customer Information Number +1-847-808-3711

E-mail address NAR\_CC@ANGUS.COM

Emergency telephone number 800-424-9300

### Recommended use of the chemical and restrictions on use

Recommended use For laboratory use.  
Life sciences research chemical.  
The ANGUS Chemical Company recommends that you use this product in a manner consistent with the listed use. If your intended use is not consistent with the stated use, please contact the Customer Information Group (see Section 1 of this data sheet).

## 2. HAZARDS IDENTIFICATION

### GHS Classification

Skin irritation Category 2  
Eye irritation Category 2A

**GHS Label elements, including precautionary statements**

Hazard pictograms

Signal word Warning

Hazard statements

Causes skin irritation.

Causes serious eye irritation.

Precautionary statements

**Prevention:**

Wash skin thoroughly after handling.

Wear protective gloves/ eye protection/ face protection.

**Response:**

IF ON SKIN: Wash with plenty of soap and water.

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

If skin irritation occurs: Get medical advice/ attention.

If eye irritation persists: Get medical advice/ attention.

Take off contaminated clothing and wash before reuse.

**Other hazards**

None known.

---

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

---

This product is a substance.

**Components**

| Chemical Name                                | CAS-No.   | Concentration (% w/w) |
|--|-----------|-----------------------|
| Phosphoric acid, disodium salt, heptahydrate | 7782-85-6 | >= 99.0 - <= 100.0 %  |

---

**4. FIRST AID MEASURES**

---

If inhaled Move person to fresh air; if effects occur, consult a physician.

---

|   |   |
|---|---|
| In case of skin contact                                     | Wash off with plenty of water.  |
| In case of eye contact                                      | Flush eyes thoroughly with water for several minutes. Remove contact lenses after the initial 1-2 minutes and continue flushing for several additional minutes. If effects occur, consult a physician, preferably an ophthalmologist.                                   |
| If swallowed  | If swallowed, seek medical attention. Do not induce vomiting unless directed to do so by medical personnel.   |
| Most important symptoms and effects, both acute and delayed | Aside from the information found under Description of first aid measures (above) and Indication of immediate medical attention and special treatment needed (below), any additional important symptoms and effects are described in Section 11: Toxicology Information. |
| Protection of first-aiders                                  | If potential for exposure exists refer to Section 8 for specific personal protective equipment.   |
| Notes to physician  | Treatment of exposure should be directed at the control of symptoms and the clinical condition of the patient.<br>No specific antidote.   |

---

## 5. FIREFIGHTING MEASURES

---

|   |  |
|---|--|
| Suitable extinguishing media                  | This material does not burn. If exposed to fire from another source, use suitable extinguishing agent for that fire.   |
| Specific hazards during firefighting          | None known.  |
| Hazardous combustion products                 | Fire conditions may cause this product to decompose. Refer to section 10 - Thermal Decomposition.  |
| Further information                           | Keep people away. Isolate fire and deny unnecessary entry. This material does not burn. Fight fire for other material that is burning.   |
| Special protective equipment for firefighters | Wear positive-pressure self-contained breathing apparatus (SCBA) and protective fire fighting clothing (includes fire fighting helmet, coat, trousers, boots, and gloves).<br>If protective equipment is not available or not used, fight fire from a protected location or safe distance. |

---

## 6. ACCIDENTAL RELEASE MEASURES

---

|   |  |
|---|--|
| Personal precautions, protective equipment and emergency procedures | Use appropriate safety equipment. For additional information, refer to Section 8, Exposure Controls and Personal Protection. Isolate area.<br>Refer to section 7, Handling, for additional precautionary measures.<br>Keep unnecessary and unprotected personnel from entering |
|---|--|

---

---

|   |  |
|---|--|
|   | the area.  |
| Environmental precautions                             | Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information.  |
| Methods and materials for containment and cleaning up | See Section 13, Disposal Considerations, for additional information.<br>Contain spilled material if possible.<br>Collect in suitable and properly labeled containers.<br>Use care to minimize generation of airborne dust. |

---

## 7. HANDLING AND STORAGE

---

|                             |  |
|-----------------------------|--|
| Advice on safe handling     | Avoid contact with eyes, skin, and clothing.<br>See Section 8, EXPOSURE CONTROLS AND PERSONAL PROTECTION.<br>Wash thoroughly after handling. |
| Conditions for safe storage | Avoid temperatures above 40°C (104°F)<br>Keep container tightly closed in a dry and well-ventilated place.<br>Avoid moisture.                |

---

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

---

### Components with workplace control parameters

Contains no substances with occupational exposure limit values.

### Engineering measures

Local exhaust ventilation may be necessary for some operations.  
Use local exhaust ventilation, or other engineering controls to maintain airborne levels below exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, general ventilation should be sufficient for most operations.

### Personal protective equipment

#### Respiratory protection

Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process.  
In dusty or misty atmospheres, use an approved particulate respirator.  
The following should be effective types of air-purifying respirators:  
Particulate filter.

---

Hand protection

Use gloves chemically resistant to this material when prolonged or frequently repeated contact could occur. Examples of preferred glove barrier materials include: Neoprene. Polyvinyl chloride ("PVC" or "vinyl"). Nitrile/butadiene rubber ("nitrile" or "NBR"). NOTICE: The selection of a specific glove for a particular application and duration of use in a workplace should also take into account all relevant workplace factors such as, but not limited to: Other chemicals which may be handled, physical requirements (cut/puncture protection, dexterity, thermal protection), potential body reactions to glove materials, as well as the instructions/specifications provided by the glove supplier.

Eye protection

Use safety glasses (with side shields).  
If there is a potential for exposure to particles which could cause eye discomfort, wear chemical goggles.

Skin and body protection

Wear clean, body-covering clothing.

---

## 9. PHYSICAL AND CHEMICAL PROPERTIES

---

|                             |   |
|-----------------------------|---|
| Appearance                  | Solid.  |
| Color                       | White   |
| Odor                        | Odorless  |
| Odor Threshold              | Odorless  |
| pH                          | No test data available                          |
| Melting point/range         | No test data available                          |
| Freezing point              | No test data available                          |
| Boiling point/boiling range | No test data available                          |
| Flash point                 | Test Type: closed cup<br>No test data available |
| Evaporation rate            | Not applicable to solids                        |
| Flammability (solid, gas)   | No data available.                              |
| Upper explosion limit       | No test data available                          |
| Lower explosion limit       | No test data available                          |
| Vapor Pressure              | No test data available                          |

---

|  |   |
|--|---|
| Relative Vapor Density (air = 1)       | 4.9<br>Method: Supplier                                 |
| Relative density                       | 1.679   |
| Water solubility                       | No test data available                                  |
| Partition coefficient: n-octanol/water | Partitioning from water to n-octanol is not applicable. |
| Auto-ignition temperature              | No test data available                                  |
| Decomposition temperature              | No test data available                                  |
| Viscosity<br>Viscosity, kinematic      | Not applicable  |
| Explosive properties                   | No data available.                                      |
| Oxidizing properties                   | No data available.                                      |
| Molecular weight                       | 268.06 g/mol<br>Method: Supplier                        |

NOTE: The physical data presented above are typical values and should not be construed as a specification.

---

## 10. STABILITY AND REACTIVITY

---

|                                    |  |
|------------------------------------|--|
| Reactivity                         | No dangerous reaction known under conditions of normal use.  |
| Chemical stability                 | Thermally stable at typical use temperatures.  |
| Possibility of hazardous reactions | Polymerization will not occur.   |
| Conditions to avoid                | Exposure to elevated temperatures can cause product to decompose.<br>Avoid moisture.               |
| Incompatible materials             | Strong acids.  |
| Hazardous decomposition products   | Decomposition products can include and are not limited to:<br>Phosphorus oxides.<br>Sodium oxides. |

---

## 11. TOXICOLOGICAL INFORMATION

---

*Toxicological information on this product or its components appear in this section when such data is available.*

### Acute toxicity

#### Product:

Acute oral toxicity

Remarks: May cause nausea and vomiting.  
Small amounts swallowed incidentally as a result of normal handling operations are not likely to cause injury; however, swallowing larger amounts may cause injury.  
May cause abdominal discomfort or diarrhea.  
Low toxicity if swallowed.

LD50 (Rat): > 4,100 mg/kg

Acute inhalation toxicity

Remarks: Dust may cause irritation to upper respiratory tract (nose and throat).

Remarks: The LC50 has not been determined.

Acute dermal toxicity

Remarks: Prolonged skin contact is unlikely to result in absorption of harmful amounts.

LD50  
(Rabbit): > 5,000 mg/kg

#### Components:

##### **Phosphoric acid, disodium salt, heptahydrate**

Acute oral toxicity

LD50 (Rat): > 4,100 mg/kg  
Assessment: The substance or mixture has no acute oral toxicity

Acute inhalation toxicity

Remarks: The LC50 has not been determined.

Acute dermal toxicity

Remarks: Prolonged skin contact is unlikely to result in absorption of harmful amounts.

LD50 (Rabbit): > 5,000 mg/kg

### Skin corrosion/irritation

#### Product:

Result: Skin irritation

Remarks: Prolonged contact may cause moderate skin irritation with local redness.

#### Components:

##### **Phosphoric acid, disodium salt, heptahydrate**

Result: Skin irritation

Remarks: Prolonged contact may cause slight skin irritation with local redness.

---

**Serious eye damage/eye irritation**

**Product:**

Result: Eye irritation  
Remarks: May cause slight eye irritation.  
Dust may irritate eyes.

**Components:**

**Phosphoric acid, disodium salt, heptahydrate**

Result: Eye irritation  
Remarks: May cause slight eye irritation.  
Dust may irritate eyes.

**Respiratory or skin sensitization**

**Product:**

Remarks: For skin sensitization:  
No relevant data found.

Remarks: For respiratory sensitization:  
No relevant data found.

**Components:**

**Phosphoric acid, disodium salt, heptahydrate**

Remarks: No relevant data found.  
For skin sensitization:

Remarks: No relevant data found.  
For respiratory sensitization:

**Carcinogenicity**

**Product:**

No relevant data found.

**Components:**

**Phosphoric acid, disodium salt, heptahydrate**

No relevant data found.

**IARC**

No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

**OSHA**

No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

---

**NTP**

No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

**Teratogenicity**

**Product**

No relevant data found.

**Components:**

**Phosphoric acid, disodium salt, heptahydrate**

No relevant data found.

**Mutagenicity**

**Product**

In vitro genetic toxicity studies were negative.

**Components:**

**Phosphoric acid, disodium salt, heptahydrate**

In vitro genetic toxicity studies were negative.

**Reproductive toxicity**

**Product:**

No relevant data found.

**Components:**

**Phosphoric acid, disodium salt, heptahydrate**

No relevant data found.

**STOT - single exposure**

**Product:**

Assessment: The substance or mixture is not classified as specific target organ toxicant, single exposure.

**Components:**

**Phosphoric acid, disodium salt, heptahydrate**

Assessment: Evaluation of available data suggests that this material is not an STOT-SE toxicant.

**Repeated dose toxicity**

**Product:**

Remarks: In humans, effects have been reported on the following organs:  
Kidney.

---

### 13. DISPOSAL CONSIDERATIONS

---

#### Disposal methods

Waste from residues

DO NOT DUMP INTO ANY SEWERS, ON THE GROUND,  
OR INTO ANY BODY OF WATER.

All disposal practices must be in compliance with all Federal,  
State/Provincial and local laws and regulations.

Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws  
are the responsibility solely of the waste generator.

THE INFORMATION PRESENTED HERE PERTAINS ONLY  
TO THE PRODUCT AS SHIPPED IN ITS INTENDED  
CONDITION AS DESCRIBED IN MSDS SECTION:

Composition Information.

FOR UNUSED & UNCONTAMINATED PRODUCT, the  
preferred options include sending to a licensed, permitted:  
Incinerator or other thermal destruction device.  
Landfill.

ANGUS HAS NO CONTROL OVER THE MANAGEMENT  
PRACTICES OR MANUFACTURING PROCESSES OF  
PARTIES HANDLING OR USING THIS MATERIAL.

---

### 14. TRANSPORT INFORMATION

---

#### International Regulation

##### IATA-DGR

Not regulated as a dangerous good

##### IMDG-Code

Not regulated as a dangerous good

##### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### National Regulations

##### 49 CFR (DOT) – NON BULK

Not regulated as a dangerous good

##### 49 CFR (DOT) - BULK

Not regulated as a dangerous good

*This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.*

---

---

## 15. REGULATORY INFORMATION

---

### OSHA Hazards

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

Moderate skin irritant, Moderate eye irritant

### EPCRA - Emergency Planning and Community Right-to-Know Act

#### CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

#### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

#### SARA 311/312 Hazards

Acute Health Hazard

#### SARA 302

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

#### SARA 313

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

### Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 12 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM I Intermediate or Final VOC's (40 CFR 60.489).

### Clean Water Act

This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311, Table 116.4A.

The following Hazardous Chemicals are listed under the U.S. CleanWater Act, Section 311, Table 117.3:

| Cas No.   | Component                                       |
|-----------|---|
| 7782-85-6 | Phosphoric acid, disodium salt,<br>heptahydrate |

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

### US State Regulations

#### Massachusetts Right To Know

Massachusetts Right to Know List of Chemicals and Hazard Classifications

| Cas No.   | Component                                       |
|-----------|---|
| 7782-85-6 | Phosphoric acid, disodium salt,<br>heptahydrate |

#### Pennsylvania Right To Know

The following chemicals are listed because of the additional requirements of Pennsylvania law:

| Cas No.   | Component                                       |
|-----------|---|
| 7782-85-6 | Phosphoric acid, disodium salt,<br>heptahydrate |

**New Jersey Right To Know**

The following chemicals are listed because of the additional requirements of New Jersey law:

| Cas No.   | Component                                       |
|-----------|---|
| 7782-85-6 | Phosphoric acid, disodium salt,<br>heptahydrate |

**California Prop. 65**

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

**The components of this product are reported in the following inventories:**

United States TSCA Inventory  
All components of this product are on the TSCA Inventory or are exempt from TSCA  
Inventory requirements under 40 CFR 720.30
