

# SAFETY DATA SHEET

ANGUS CHEMICAL COMPANY

Product name : Sodium Phosphate, Monobasic,  
Anhydrous, USP (Monosodium Phosphate,  
Anhydrous)

Issue Date: 11/02/2017  
Print Date: 11/03/2017

---

ANGUS CHEMICAL COMPANY encourages and expects you to read and understand the entire (M)SDS, as there is important information throughout the document. We expect you to follow the precautions identified in this document unless your use conditions would necessitate other appropriate methods or actions.

---

## 1. PRODUCT AND COMPANY IDENTIFICATION

---

Product name                      Sodium Phosphate, Monobasic, Anhydrous, USP  
(Monosodium Phosphate, Anhydrous)

**Manufacturer or supplier's details**

Company name of supplier      ANGUS CHEMICAL COMPANY

Address                              1500 E. LAKE COOK ROAD  
Buffalo Grove IL 60089-6553

Customer Information              +1-847-808-3711  
Number

E-mail address                      NAR\_CC@ANGUS.COM

**Emergency telephone  
number                              800-424-9300**

**Recommended use of the chemical and restrictions on use**

Recommended use                      Life sciences research chemical.  
The ANGUS Chemical Company recommends that you use  
this product in a manner consistent with the listed use. If  
your intended use is not consistent with the stated use,  
please contact the Customer Information Group (see  
Section 1 of this data sheet).

---

## 2. HAZARDS IDENTIFICATION

---

**GHS Classification**

Not a hazardous substance or mixture.

---

### GHS Label elements, including precautionary statements

This product is not hazardous per the Globally Harmonized System of Classification and Labelling (GHS).

#### Other hazards

None known.

---

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

---

This product is a substance.

#### Components

Chemical Name	CAS-No.	Concentration (% w/w)
Phosphoric acid, monosodium salt	7558-80-7	100.0%

---

## 4. FIRST AID MEASURES

---

If inhaled	Move person to fresh air; if effects occur, consult a physician.
In case of skin contact	Wash off with plenty of water.
In case of eye contact	Flush eyes thoroughly with water for several minutes. Remove contact lenses after the initial 1-2 minutes and continue flushing for several additional minutes. If effects occur, consult a physician, preferably an ophthalmologist.
If swallowed	If swallowed, seek medical attention. Do not induce vomiting unless directed to do so by medical personnel.
Most important symptoms and effects, both acute and delayed	Aside from the information found under Description of first aid measures (above) and Indication of immediate medical attention and special treatment needed (below), any additional important symptoms and effects are described in Section 11: Toxicology Information.
Protection of first-aiders	If potential for exposure exists refer to Section 8 for specific personal protective equipment.
Notes to physician	Treatment of exposure should be directed at the control of symptoms and the clinical condition of the patient. No specific antidote.

---

## 5. FIREFIGHTING MEASURES

---

Suitable extinguishing media	This material does not burn. If exposed to fire from another source, use suitable extinguishing agent for that fire.
Specific hazards during firefighting	None known.
Hazardous combustion	Fire conditions may cause this product to decompose. Refer

---

products	to section 10 - Thermal Decomposition.
Further information	Keep people away. Isolate fire and deny unnecessary entry. This material does not burn. Fight fire for other material that is burning.
Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and protective fire fighting clothing (includes fire fighting helmet, coat, trousers, boots, and gloves). If protective equipment is not available or not used, fight fire from a protected location or safe distance.

---

## 6. ACCIDENTAL RELEASE MEASURES

---

Personal precautions, protective equipment and emergency procedures	Use appropriate safety equipment. For additional information, refer to Section 8, Exposure Controls and Personal Protection. Isolate area. Refer to section 7, Handling, for additional precautionary measures. Keep unnecessary and unprotected personnel from entering the area.
Environmental precautions	Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information.
Methods and materials for containment and cleaning up	See Section 13, Disposal Considerations, for additional information. Contain spilled material if possible. Collect in suitable and properly labeled containers. Use care to minimize generation of airborne dust.

---

## 7. HANDLING AND STORAGE

---

Advice on safe handling	Keep container closed. Avoid contact with eyes, skin, and clothing. See Section 8, EXPOSURE CONTROLS AND PERSONAL PROTECTION. Wash thoroughly after handling.
Conditions for safe storage	Avoid temperatures above 40°C (104°F) Keep container tightly closed in a dry and well-ventilated place. Avoid moisture.

---

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

---

### Components with workplace control parameters

Contains no substances with occupational exposure limit values.

---

**Engineering measures**

Local exhaust ventilation may be necessary for some operations.  
Use local exhaust ventilation, or other engineering controls to maintain airborne levels below exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, general ventilation should be sufficient for most operations.

**Personal protective equipment**

Respiratory protection

Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process.  
In dusty or misty atmospheres, use an approved particulate respirator.  
The following should be effective types of air-purifying respirators:  
Particulate filter.

Hand protection

Use gloves chemically resistant to this material when prolonged or frequently repeated contact could occur. Examples of preferred glove barrier materials include: Neoprene. Polyvinyl chloride ("PVC" or "vinyl"). Nitrile/butadiene rubber ("nitrile" or "NBR"). NOTICE: The selection of a specific glove for a particular application and duration of use in a workplace should also take into account all relevant workplace factors such as, but not limited to: Other chemicals which may be handled, physical requirements (cut/puncture protection, dexterity, thermal protection), potential body reactions to glove materials, as well as the instructions/specifications provided by the glove supplier.

Eye protection

Use safety glasses (with side shields).  
If there is a potential for exposure to particles which could cause eye discomfort, wear chemical goggles.

Skin and body protection

Wear clean, body-covering clothing.

---

**9. PHYSICAL AND CHEMICAL PROPERTIES**

---

Appearance	Solid.
Color	White
Odor	Odorless
Odor Threshold	Odorless

---

pH	4.09 - 4.5 Method: Supplier 1% aqueous solution.
Melting point/range	204 °C (399 °F) Method: Supplier
Freezing point	Decomposes No test data available
Boiling point/boiling range	No test data available
Flash point	Test Type: closed cup No test data available
Evaporation rate	Not applicable to solids
Flammability (solid, gas)	No data available.
Upper explosion limit	No test data available
Lower explosion limit	No test data available
Vapor Pressure	No test data available
Relative Vapor Density (air = 1)	No test data available
Relative density	No data available.
Water solubility	Method: Supplier soluble in water
Partition coefficient: n-octanol/water	Partitioning from water to n-octanol is not applicable.
Auto-ignition temperature	No test data available
Decomposition temperature	No test data available
Viscosity Viscosity, kinematic	Not applicable
Explosive properties	No data available.
Oxidizing properties	No data available.
Molecular weight	119.98 g/mol Method: Supplier
Hygroscopic	yes

---

NOTE: The physical data presented above are typical values and should not be construed as a specification.

---

## 10. STABILITY AND REACTIVITY

---

Reactivity	No dangerous reaction known under conditions of normal use.
Chemical stability	Hygroscopic Thermally stable at typical use temperatures.
Possibility of hazardous reactions	Polymerization will not occur.
Conditions to avoid	Exposure to elevated temperatures can cause product to decompose. Avoid moisture.
Incompatible materials	Strong alkalis.
Hazardous decomposition products	Decomposition products can include and are not limited to: Phosphorus oxides. Sodium oxides.

---

## 11. TOXICOLOGICAL INFORMATION

---

*Toxicological information on this product or its components appear in this section when such data is available.*

### Acute toxicity

#### Product:

Acute oral toxicity	Remarks: May cause nausea and vomiting. Small amounts swallowed incidentally as a result of normal handling operations are not likely to cause injury; however, swallowing larger amounts may cause injury. May cause abdominal discomfort or diarrhea. Low toxicity if swallowed.  LD50 (Rat): > 4,100 mg/kg
Acute inhalation toxicity	Remarks: Dust may cause irritation to upper respiratory tract (nose and throat).  Remarks: The LC50 has not been determined.
Acute dermal toxicity	Remarks: Prolonged skin contact is unlikely to result in absorption of harmful amounts.  LD50 (Rabbit): > 5,000 mg/kg

### **Skin corrosion/irritation**

**Product:**

Result: Skin irritation

Remarks: Prolonged contact may cause moderate skin irritation with local redness.

### **Serious eye damage/eye irritation**

**Product:**

Result: Eye irritation

Remarks: May cause slight eye irritation.

Dust may irritate eyes.

### **Respiratory or skin sensitization**

**Product:**

Remarks: For skin sensitization:

No relevant data found.

Remarks: For respiratory sensitization:

No relevant data found.

### **Carcinogenicity**

**Product:**

No relevant data found.

#### **IARC**

No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

#### **OSHA**

No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

#### **NTP**

No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

### **Teratogenicity**

**Product**

No relevant data found.

### **Mutagenicity**

**Product**

In vitro genetic toxicity studies were negative.

---

### Reproductive toxicity

**Product:**

No relevant data found.

### STOT - single exposure

**Product:**

Assessment: The substance or mixture is not classified as specific target organ toxicant, single exposure.

### Repeated dose toxicity

**Product:**

Remarks: In humans, effects have been reported on the following organs:  
Kidney.

### Aspiration toxicity

**Product:**

Aspiration Hazard

Based on physical properties, not likely to be an aspiration hazard.

---

## 12. ECOLOGICAL INFORMATION

---

### Ecotoxicity

**Product:**

Toxicity to fish

Remarks: Material is practically non-toxic to aquatic organisms on an acute basis (LC50/EC50/EL50/LL50 >100 mg/L in the most sensitive species tested).

LC50 (Leuciscus idus (Golden orfe)): > 2,400 mg/l  
Exposure time: 48.0 h  
Test Type: static test  
Method: OECD Test Guideline 203

Toxicity to daphnia and other aquatic invertebrates

LC50 (Daphnia magna (Water flea)): > 1,000 mg/l  
Exposure time: 48.0 h  
Remarks: Estimated.

### Persistence and degradability

**Product:**

Biodegradability

Remarks: Biodegradation is not applicable.

### Bioaccumulative potential

**Product:**

Partition coefficient: n-octanol/water

Remarks: Partitioning from water to n-octanol is not applicable.

---

### Mobility in soil

#### Product:

Distribution among  
environmental compartments

Remarks: No relevant data found.

### Other adverse effects

#### Product:

Ozone-Depletion Potential

Regulation: 40 CFR Protection of Environment; Part 82  
Protection of Stratospheric Ozone - CAA Section 602 Class I  
Substances

Remarks: This product neither contains, nor was  
manufactured with a Class I or Class II ODS as defined by the  
U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A +  
B).

---

## 13. DISPOSAL CONSIDERATIONS

---

### Disposal methods

Waste from residues

DO NOT DUMP INTO ANY SEWERS, ON THE GROUND,  
OR INTO ANY BODY OF WATER.

All disposal practices must be in compliance with all Federal,  
State/Provincial and local laws and regulations.

Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws  
are the responsibility solely of the waste generator.

THE INFORMATION PRESENTED HERE PERTAINS ONLY  
TO THE PRODUCT AS SHIPPED IN ITS INTENDED  
CONDITION AS DESCRIBED IN MSDS SECTION:

Composition Information.

FOR UNUSED & UNCONTAMINATED PRODUCT, the  
preferred options include sending to a licensed, permitted:  
Incinerator or other thermal destruction device.

Landfill.

ANGUS HAS NO CONTROL OVER THE MANAGEMENT  
PRACTICES OR MANUFACTURING PROCESSES OF  
PARTIES HANDLING OR USING THIS MATERIAL.

---

## 14. TRANSPORT INFORMATION

---

### International Regulation

#### IATA-DGR

Not regulated as a dangerous good

#### IMDG-Code

Not regulated as a dangerous good

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

---

Not applicable for product as supplied.

**National Regulations**

**49 CFR (DOT) – NON BULK**

Not regulated as a dangerous good

**49 CFR (DOT) - BULK**

Not regulated as a dangerous good

*This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.*

---

**15. REGULATORY INFORMATION**

---

**OSHA Hazards**

This product is not a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

No OSHA Hazards

**EPCRA - Emergency Planning and Community Right-to-Know Act**

**CERCLA Reportable Quantity**

This material does not contain any components with a CERCLA RQ.

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

This material does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards**

This product is not a hazardous chemical under 29CFR 1910.1200, and therefore is not covered by Title III of SARA.  
No SARA Hazards

**SARA 302**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**Clean Air Act**

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 12 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM Intermediate or Final VOC's (40 CFR 60.489).

**Clean Water Act**

This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311, Table 116.4A.

This product does not contain any Hazardous Chemicals listed under the U.S. CleanWater Act, Section 311, Table 117.3.

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

**US State Regulations**

**Massachusetts Right To Know**

No components are subject to the Massachusetts Right to Know Act.

**Pennsylvania Right To Know**

No components are subject to the Pennsylvania Right to Know Act

**New Jersey Right To Know**

No components are subject to the New Jersey Right to Know Act

**California Prop. 65**

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

**The components of this product are reported in the following inventories:**

United States TSCA Inventory

All components of this product are on the TSCA Inventory or are exempt from TSCA Inventory requirements under 40 CFR 720.30

---

---

## 16. OTHER INFORMATION

---
